Sick Day Guidelines 2022- 2023

**Please review the following sick day guidelines.
We look forward to a happy and healthy school year together.**

Fever: Students must remain home until fever free for 24 hours, without the use of medication. Fever is defined as over 100.0 degrees.

Vomiting/Diarrhea: Students must remain home until vomiting and/or diarrhea free for 24 hours.

Antibiotics: Students prescribed antibiotics must stay home for the first 24 hours they are taking the medication, including for the treatment of conjunctivitis and strep throat.

Cough/Congestion/Sore throat: Please keep your student home if he/she does not have the energy level for a full, active day. Please keep your student home if symptoms are excessive or disruptive.

Rash: Students must remain home and the student's skin rash must be evaluated and cleared by a physician before returning to school.

COVID19: Please notify the school if your student tests positive for COVID19. Students may return to school on day six if their symptoms are improving. Students should wear a mask at school through day ten. Day zero is the date of testing, or the date symptoms develop.

Illness and Athletics: Students who do not attend school due to illness, or are dismissed from school due to illness are ineligible to participate in school athletics that day.
